

Toledoshield 5D

Excellent cut & abrasion resistance

GTY815 CUT 5/D HI-VIS PROTECTION

- Cut resistance tested to AS/NZ 2161.3.2005
- 15G liner provides excellent flexibility and feel
- Superior grip in wet and oily conditions
- Touchscreen compatible on most screens & mobile devices
- NBR thumb crotch for added durability
- Breathable design for all-day comfort
- Sanitized® technology for hygiene, comfort & protection
- Abrasion resistant dry foam nitrile coated palm

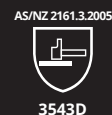

The Toledoshield Cut 5D Resistant Safety Glove is a high performance cut resistant safety glove for use in all applications handling sharp objects. Tested to AS/NZ 2161.3.2005.

These gloves feature an ultra thin 15G liner delivering unmatched flexibility, tactility, fit and feel. Innovative antibacterial technology prevents odours and discomfort.

NBR Dry Foam palm for ultimate grip in wet and oily conditions. NBR Thumb crotch provides additional protection while reducing wear and tear on the glove. DMF and Silicone Free.

SUITABLE FOR:

- Handling & assembly, fine tuning & small parts handling
- Automotive, aviation, robotics & aerospace assembly
- Mining / heavy machinery workshops
- Glass & glazing industry
- Precise tasks & machine tooling
- Packaging & logistics
- Cutting & grinding
